

## Thiel College PA Program Goals

Goal 1: Recruit and retain qualified applicants from diverse backgrounds and experiences.

Goal 2: Prepare graduates to be successful physician assistants by providing them with the knowledge and skills needed to be culturally competent and compassionate providers of high-quality healthcare.

Goal 3: Prepare graduates for a lifelong career of continuous self-directed learning and self-assessment.

Goal 4: Prepare students and graduates to make significant contributions to the communities they serve.

Goal 5: Engage students in interprofessional medical education that will enable them to adapt to the changing health care environment

Goal 6: Graduate competent physician assistants that function as professional members of the healthcare team, in a variety of clinical settings, to meet workforce needs.
