Dear Parents,

Most Thiel students will be at college when their birthdays occur and therefore cannot spend their birthdays with their families. Thiel’s chapter of Lambda Sigma, the national sophomore honor society, can help you let your son or daughter know that you haven’t forgotten this important day in his or her life.

For only $15.00, a member of Lambda Sigma will deliver an 8” round cake inscribed with “Happy Birthday _____________” to your child on his or her birthday.

We are taking orders only once for the year, so please respond by September 15 with the form provided below. We look forward to helping you make this next birthday a memorable one for your Thiel student.

Nathan Flory, Fundraising Chair  
Rho Chapter, Thiel College  
Lambda Sigma

Make checks payable to LAMBDA SIGMA SOCIETY and mail with form (below) to:
