## Lambda Sigma

Where

you find leadership, scholarship,  
fellowship and service

A national honor society for  
second-year students.

Membership in Lambda Sigma is not only a recognition of your accomplishments, but also a challenge to serve. It offers opportunities for personal growth, leadership experience, and the friendship of other student leaders.

If you want to grow as a leader, serve your campus and community, develop friendships with other academic-minded second-year students, and be eligible for one of our \$1,000 scholarships, then Lambda Sigma is for you. But you have only one chance to be a part of this dynamic organization—that's during your second year on campus.

To become a member, simply contact:
