Interfraternity Council

Where

you influence fraternity life

Helping fraternities meet their individual missions

Each of Thiel's four fraternities has its own goals, its own mission and its own unique style. But to ensure that each fraternity can maximize its own impact, all fraternities on Thiel campus are part of the Interfraternity Council and elect three members from each group to serve on the council.

Thiel's Council is part of the National Interfraternity Council, made up of 6,186 chapters of 66 fraternities on 800 campuses across the country. With the NIC, it ensures that Thiel's fraternities meet health and safety guidelines and helps to provide vision and direction to campus fraternities while allowing them to maintain their individuality.
