

# **Presidential Staff Awards 2020-2021 Nomination Form**

## **Suggestions to Consider**

- Nominate someone who has offered or instituted a new or unique process, service, etc. that has advanced the *Thiel 2021: Student Success* strategic plan.
- Nominate someone who has gone beyond his/her normal job description/expectations that had a positive impact on the campus.
- Nominate someone who has represented Thiel College to the wider community in ways that are beyond his/her job description.
- Nominate someone who, through dedicated service, has become a part of the strong foundation on which Thiel is built. This individual may often be overlooked, but their work is vital to the institution, even if it is not readily recognized.

## **Guidelines**

1. Five awards will be given.
2. All staff are eligible, regardless of years of service.
3. Self-nominations are permitted.
4. Last year's recipients will serve on the Review Committee and so cannot be nominated this year. All other previous recipients may be nominated. The third page of this form is a list of previous winners.

## **Process**

The Presidential Staff Award Review Committee, made up of the past year's recipients, evaluates nominees and will formalize suggestions to the President. Since these are Presidential awards to staff, the President will make the final selection of each awardee.
