

Where Science Meets Strength

Turn Your Love for Fitness Into a Career That Matters.

Did You Know?

At Thiel, Exercise Science isn't just about studying the body—it's about using science to change lives. You'll discover how **movement, nutrition and wellness shape performance and health**, then put that knowledge into action through labs, internships, and real-world experiences. With close faculty mentorship, you'll design a program that matches your interests and goals. Whether your path leads to healthcare, fitness, wellness or graduate school, Thiel's program gives you the skills, confidence and experience to succeed.

Job Outlook

- Careers in health, fitness, and rehabilitation are among the fastest growing in the U.S. **13% growth** in exercise-related careers over the next decade.
- Employers are looking for graduates with both science knowledge and real-world skills.
- Additionally, depending on geography and years of experience, the median pay for bachelor's level employees in this sector is **\$63,000**.
